Subject: Moving Team

Hello,

I apologize for not writing earlier. I used your company on March 24th to move. I called to let your company know how satisfied I was with your team, but I forgot to send an email. The team you sent me (Foreman was Roy) called to let me know they were on their way, arrived close to the time you said, got to work quickly, was professional, and moved my belongings with care. I could not have asked for a better team to move my apartment. If I move anytime in the future I would want them to move me again.

Thank you for your great service.

Regards,

Jessica Semon
