To whom it may concern:

I am writing in reference to the move that NYC Movers did for me in Brooklyn on February 22, 2007. I just wanted to let you know how pleased we were with your service. From the very first conversation that I had with Michael Romano right through the last box being delivered to our new home, the experience was a pleasure. Michael was extremely helpful and informative; Izzy and his crew were fantastic. They arrived on time and began working immediately. They were polite and considerate and very careful with our things. They worked non-stop and did a fabulous job. Not one item was damaged in the move and they did not waste any time, completing the move in five hours, which was exactly the estimate that Michael had given me. This was no small feat as we were moving from the third floor of a brownstone (walk up) to a building which had only one elevator and a slow one at that.

As everyone know, moving is very stressful, but Izzy and his crew put my mind at ease at once by their obvious professionalism. Almost everyone you meet has a horror story to tell about moving, but thanks to NYC Movers I won't be one of them. I will certainly recommend your company to anyone. I knowing need of a mover and if I ever need a moving service again, NYC Movers will be my first and only call.

Thank you

Very truly yours,
