Michael -

I am writing to tell you that my wife and I were so pleased with the service your company provided. Your people were incredible!!! On time, honest, very respectful, etc...

Moving is one of the top 5 most stressful things a person does in their life (along with marriage / death / birth / changing careers) and your team of movers were the absolute best people. No hassles, great attitudes and very helpful in every way. Those guys worked so hard & never once did complain about the 3 flights of stairs us asking them to move things 2 & 3 times!!!

Suffice it to say that we would highly recommend your company to anyone in need of a move of any size

Best regards,
